I'm forwarding this on to you because I put the wrong email address in the first time I sent it.

Thanks,

Hi All,

Here are a couple more files that were passed on by OAQPS to help with the review of the Commercial Sterilizer information I sent earlier this week. The PowerPoint shows an example of how they calculated emissions with their assumptions for a particular facility.

Please let me know if you have questions.

Thank you,  
Jessie
